

**EMTECH**  
INNOVATION UNLEASHED

# COMPANY PROFILE

EM Tech was established in 2001 Lebanon, Beirut to become one of the leading firms specialized in the design, management and execution of Civil, Mechanical, Electrical & Plumbing (MEP) works.

This integrated engineering service allows our clients to benefit a one-stop-shop approach with lower costs, better delivery schedules and synergistic design along with prevailing execution capability offering the highest standards in quality and service, ensuring every project is completed on time and to our customer's satisfaction. This led us to penetrate new markets such as Iraq & Nigeria in a very smooth way.
